

United States Nuclear Regulatory Commission

Protecting People and the Environment

Draft (06/24/09)
Forecast of Contract Opportunities
Fiscal Year 2009

The background of the title section is a collage of three images. The top left shows a person in a white shirt operating a control room with many monitors and buttons. The top right shows three people (two women and one man) in business attire looking towards the camera. The bottom part of the collage shows a large white cooling tower of a power plant against a bright, hazy sky.

A close-up photograph of two hands shaking in a firm grip, symbolizing agreement or partnership. The hands are positioned in the lower center of the page, with the background showing a green field and a yellow sky.

SECTION I: FOREWORD

Public Law 100-656, the Business Opportunity Development Reform Act of 1988, requires agencies to compile and make available projections of contracting and/or subcontracting opportunities that small businesses (the term “small business” include small businesses owned by socially and economically disadvantaged individuals, women, veterans, service-disabled veterans and those located in historically underutilized business zones) may be able to provide products and services supporting acquisition needs. This agency-wide **Forecast** is intended to assist small businesses in their business development activities. Contracting opportunity descriptions are based on the best information available from agency program offices at the time of publication.

Part One of the NRC **Forecast** includes projections of all anticipated commercial contract actions exceeding \$25,000, potential commercial interagency contract actions; and Part Two includes a list of agency current and active contracts exceeding \$25,000 as reported to the Federal Procurement Data System-Next Generation (FPDS-NG). The projected contract opportunities are subject to modification or cancellation. Final decisions on the extent of competition, small business set-aside program consideration, estimated value, or any other aspect of the contract action will be made during acquisition planning and when a contract action is initiated. The **Forecast** data is for planning purposes and does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the Government to purchase the described products and services. Businesses are reminded that only contracting officers have the authority to contractually bind the Government.

The NRC purchases a wide variety of goods and services, from administrative support to engineering, environmental support to construction, and research and development. We are committed to provide maximum practicable acquisition opportunities at the prime and subcontract level for small businesses. We hope that this **Forecast** will assist you in conducting business with the NRC.

SECTION II: DESCRIPTION OF OFFICE IDENTIFIERS AND CONTRACTING METHODS ABBREVIATIONS:

- ADM - Office of Administration
- CFO - Office of the Chief Financial Officer
- EDO - Office of the Executive Director for Operations
- HR - Office of Human Resources
- FSME - Office of Federal and State Materials and Environmental Management Programs
- NMSS - Office of Nuclear Material Safety and Safeguards
- NRO - Office of New Reactors
- NRR - Office of Nuclear Reactor Regulation
- NSIR - Office of Nuclear Security & Incident Response
- OIP - Office of International Programs
- OIS - Office of Information Services
- RES - Office of Nuclear Regulatory Research
- RGN I - Region 1 - King of Prussia, PA
- RGN II - Region 2 - Atlanta, GA
- RGN III - Region 3 - Lisle, IL
- RGN IV - Region 4 - Arlington, TX

- SBCR - Office of Small Business and Civil Rights
- 8(a) - 8(a) Set-Aside or Competitive
- SB - Small Business Set-Aside
- TBD - To Be Determined
- Full - Full and Open Competition
- GSA - General Services Administration Schedule
- SA - Simplified Acquisition
- SDVOSB - Service-Disabled Veteran-Owned Small Business Set-Aside
- HUBZone - Historically Underutilized Business Zone Small Business Set-Aside
- IA - Interagency Agreement of Contracting with Another Federal Agency

SECTION III: DESCRIPTION OF FORECAST CATEGORIES IN EITHER PART ONE OR PART TWO

The following provides a description of the categories listed in the **Forecast**:

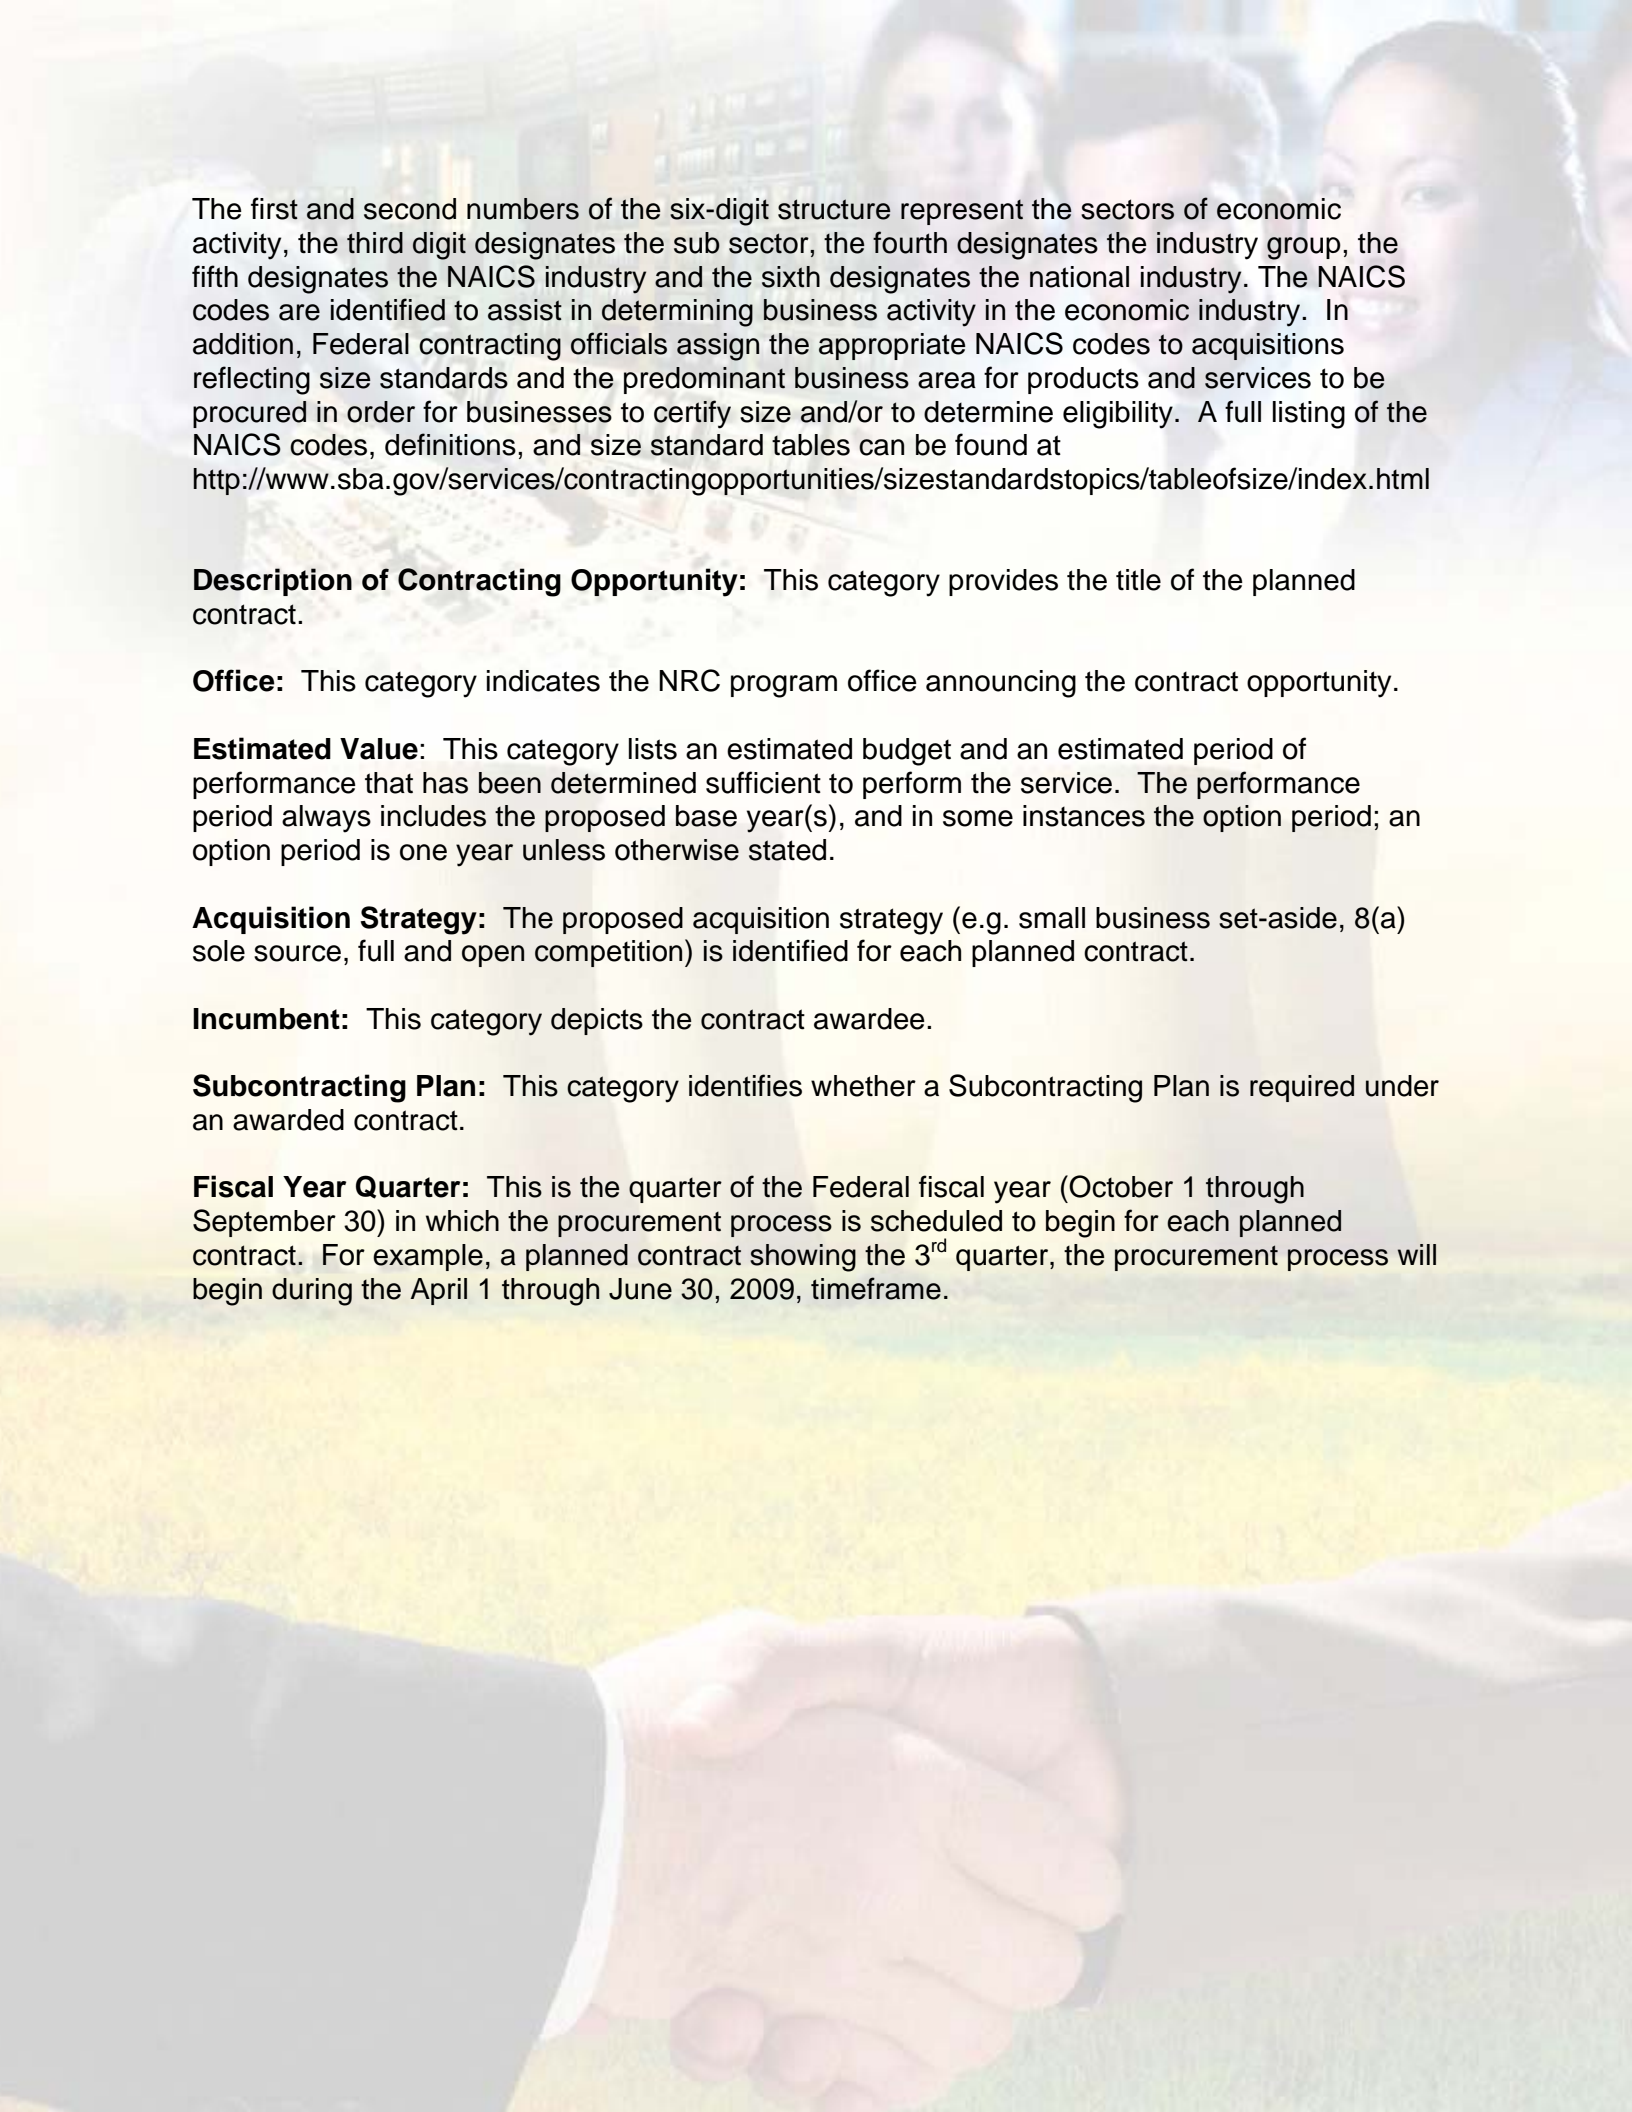

North American Industry Classification System (NAICS):

The North American Free Trade Agreement (NAFTA), 1993, stimulated interest in eliminating barriers to cross-national flow of goods, services and capital investment for the North American countries. This interest also brought the need for a common industry classification system and U.S. efforts to revise its Standard Industrial Classification System. NAFTA also brought forth a coordinated effort among the U.S., Canada, and Mexico to explore new approaches to classifying economic activity.

The U.S. Office of Management and Budget established the Economic Classification Policy Committee to work with comparable committees from Canada and Mexico to establish a new classification system. The new system would generate uniform and comparable economic data for the North American countries. This monumental consolidated effort was intended to facilitate economic analyses of the economies of these three North American countries. Each country's statistical agency produces information on inputs and outputs, industrial performance, productivity, unit labor costs, and employment. The NAICS would replace each country's existing classification system and would be constructed within a single conceptual framework, whereby, economic units having similar production processes are classified in the same industry.

The U.S. NAICS generates statistical data describing the U.S. economy. The U.S. NAICS also may be used for other purposes, such as administrative, regulatory, taxation, etc., although these functional areas played no role in system development. The Federal government uses industry classifications for procurement purposes, both for classifying the procurement action and for procurement data reporting and analyses.

Starting October 1, 2000, the new NAICS was applied to Federal acquisition actions solicited and awarded after that date for industry and size related classification purposes. The Small Business Administration (SBA), the Federal agency charged with establishing size standards against industry classifications, established the standards to determine business size based on either: the number of employees, average annual sales, assets, or electric output.

The first and second numbers of the six-digit structure represent the sectors of economic activity, the third digit designates the sub sector, the fourth designates the industry group, the fifth designates the NAICS industry and the sixth designates the national industry. The NAICS codes are identified to assist in determining business activity in the economic industry. In addition, Federal contracting officials assign the appropriate NAICS codes to acquisitions reflecting size standards and the predominant business area for products and services to be procured in order for businesses to certify size and/or to determine eligibility. A full listing of the NAICS codes, definitions, and size standard tables can be found at <http://www.sba.gov/services/contractingopportunities/sizestandardstopics/tableofsize/index.html>

Description of Contracting Opportunity: This category provides the title of the planned contract.

Office: This category indicates the NRC program office announcing the contract opportunity.

Estimated Value: This category lists an estimated budget and an estimated period of performance that has been determined sufficient to perform the service. The performance period always includes the proposed base year(s), and in some instances the option period; an option period is one year unless otherwise stated.

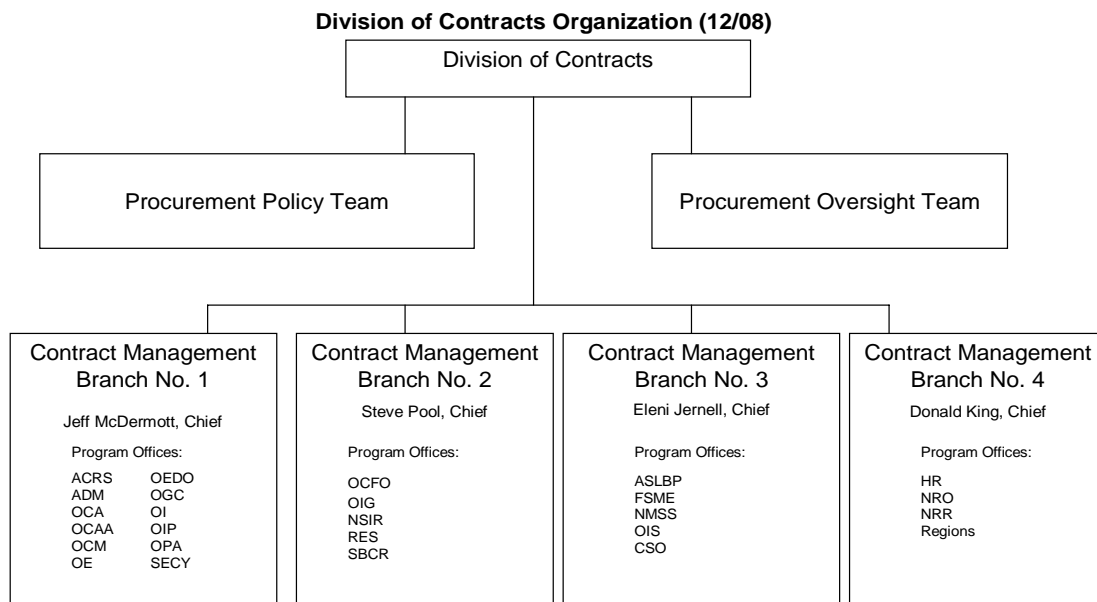

Acquisition Strategy: The proposed acquisition strategy (e.g. small business set-aside, 8(a) sole source, full and open competition) is identified for each planned contract.

Incumbent: This category depicts the contract awardee.

Subcontracting Plan: This category identifies whether a Subcontracting Plan is required under an awarded contract.

Fiscal Year Quarter: This is the quarter of the Federal fiscal year (October 1 through September 30) in which the procurement process is scheduled to begin for each planned contract. For example, a planned contract showing the 3rd quarter, the procurement process will begin during the April 1 through June 30, 2009, timeframe.

Contract Office Point of Contact: This category lists the applicable Contracts Management Branch contact in the NRC's Division of Contracts. 301-492-3600

G:/DC/DC Management/DC Org Jan. 09 (3).ppt

SECTION IV: A GLOSSARY OF TERMS, ACRONYMS AND TOOLS

Acquisition Terminology

- **Full and Open:** All firms, regardless of business size, are permitted to submit a bid or proposal. The solicitation does not contain any small business set-asides.
- **Small Business Set-Aside:** Ensures that small businesses are awarded a fair proportion of government contracts. Only firms that are eligible as small businesses¹ are permitted to submit a proposal or bid. Acquisitions between \$3000 and \$100,000 are reserved exclusively for small businesses (absent exceptions). A small business set-aside is open to all small businesses. **Simplified Acquisitions:** Procedures permit agencies to use streamlined techniques to acquire supplies and/or services for acquisitions under the Simplified Acquisition threshold. The Simplified Acquisition Threshold, for the most part, is \$100,000, except for acquisitions of supplies and/or services that, as determined by the Head of the agency, are to be used to support a contingency operations or to facilitate

¹ A business that is independently owned and operated and not dominant in its field of operation in which it is bidding on government contracts, and qualified as a small business under the criteria and size standards in Title 13 of the Code of Federal Regulations Part 121.

defense against or recovery from nuclear, biological, chemical, or radiological attack (41 U.S.C. 428(a)).

- **8(a) Set-Aside:** Under the 8(a) Business Development Program, Federal agencies to enter into contracts for supplies and/or services with the SBA who then subcontract the actual performance of the work to small businesses owned and controlled by socially and economically disadvantaged² individuals, which are referred to as “8(a) firms.” Subcontracts to 8(a) firms may be awarded on a competitive or sole source basis.
- **Historically Underutilized Business Zone (HUBZone) Set-Aside:** Permits Federal agencies to restrict acquisitions exceeding the simplified acquisition threshold for competition among HUBZone businesses or on a sole basis.
- **Service-Disabled Veteran-Owned Small Business (SDVOSB) Set-Aside:** Allows Federal agencies to set-aside acquisitions exceeding \$3000 for competition among SDVOSB, or on a sole source basis.
- **GSA Schedule:** Under the GSA Schedules Program, GSA enters into contracts with commercial firms to provide supplies and/or services at stated prices for given periods of time. Orders are placed directly with the schedule contract, and deliveries are made directly to the customer. The GSA Schedules Program reflects commercial buying practices. For more information on becoming a GSA Schedule contractor, please click on: http://www.gsa.gov/Portal/gsa/ep/contentView.do?contentId=8202&contentType=GSA_OVEVIEW
- **Interagency Agreement:** An agreement or ordering document between Federal agencies in which one agency transfers its appropriated funds to another agency for the purpose of obtaining supplies and/or services.
- **Interagency Agreement between NRC and the Department of Energy:** Interagency Agreements (IAs) are generated either under the authority of the Economy Act, or under the Energy Reorganization Act of 1974, as amended. For information regarding award of IAs to the Department of Energy (DOE) and other agencies, refer to Management Directive (MD) 11.7, “NRC Procedures for Placement and Monitoring of Work With the U.S. Department of Energy (DOE),” and MD 11.8, “NRC Procedures for Placement and Monitoring Work With Other Federal Agencies Other Than DOE.” These directives provide policies, procedures, and examples for negotiating and managing agreements with DOE and other Federal agencies, and can be found on <http://www.internal.nrc.gov/ADM/DAS/cag/mandirs/index.html>. Additionally, you can make direct contact with DOE regarding contract and/or subcontract opportunities at <http://smallbusiness.doe.gov>.

Delivery/Task Order: An order for supplies and/or services placed against an established contract or with government sources (e.g., GSA Schedule Program). Delivery/Task Orders are frequently utilized where delivery times and/or exact quantities are not known at the time of contract award.

² Black Americans, Native Americans, Hispanic Americans, Asian-Pacific Americans, and Asian Indian Americans have been officially designated as socially and economically disadvantaged. Members of other groups must provide evidence that they are economically and socially disadvantaged. The Small Business Administration determines eligibility on a case-by-case basis.

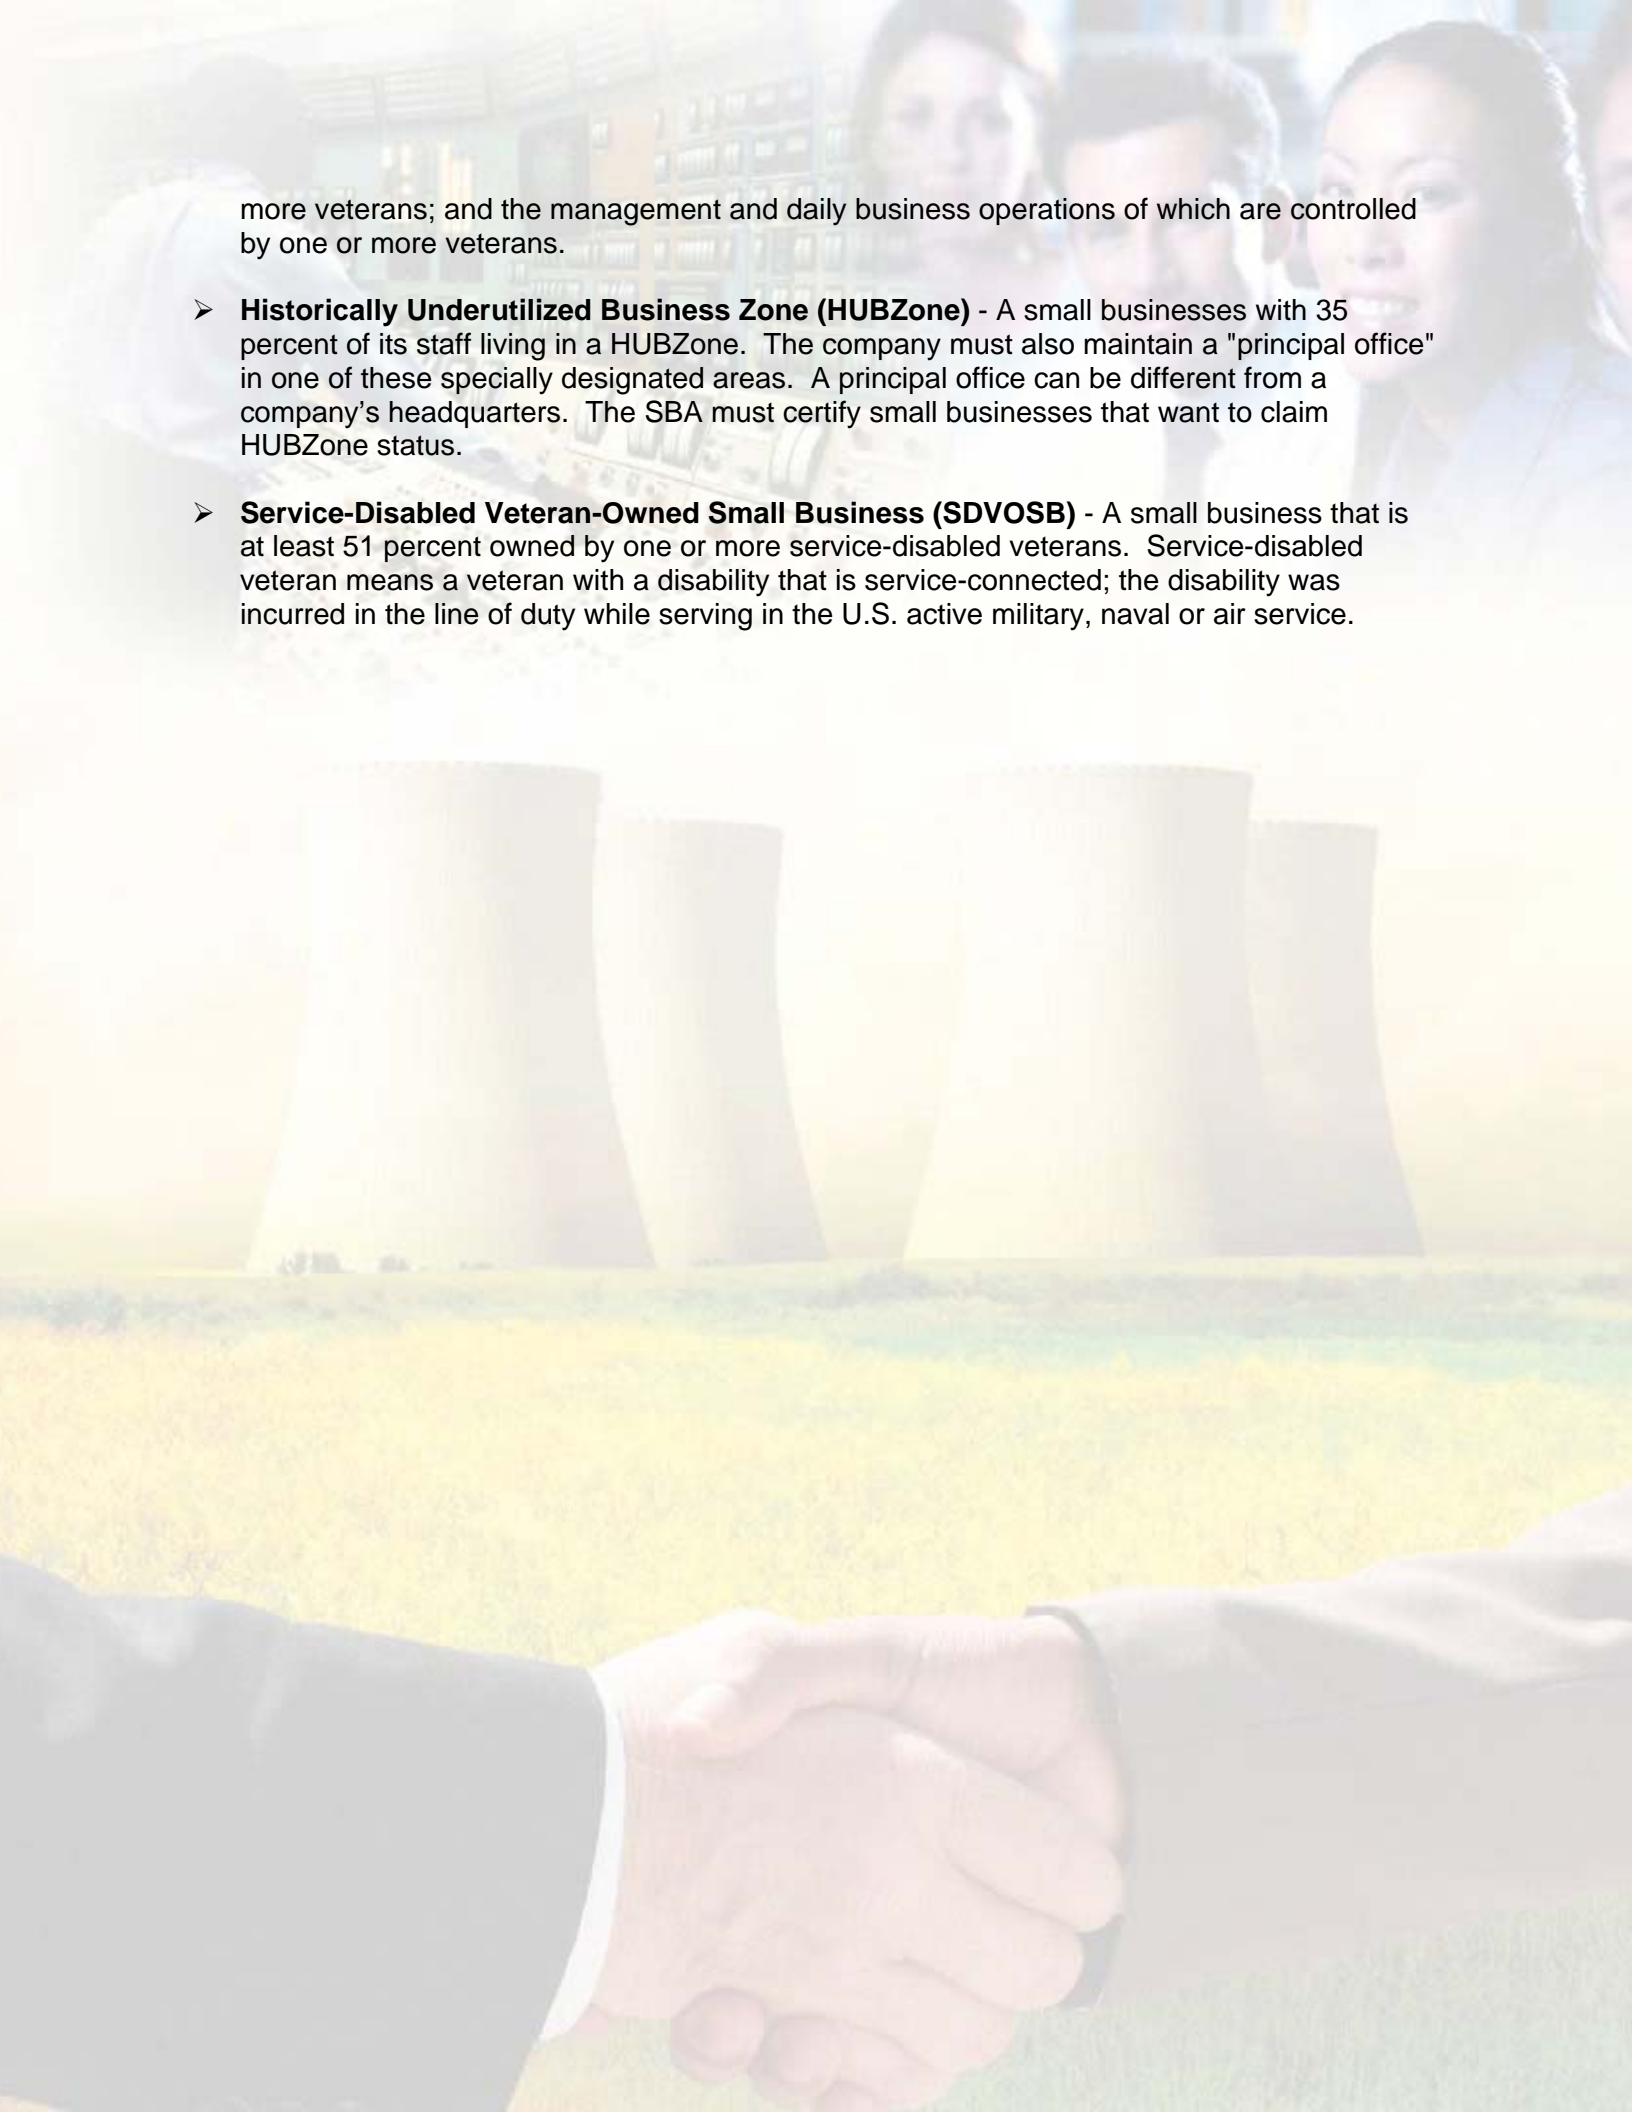

- **Simplified Acquisitions:** Procedures for simplified acquisitions permit agencies to use streamlined techniques to acquire supplies and/or services for acquisitions under the simplified acquisition threshold. The simplified acquisition threshold is \$100,000, except for acquisitions of supplies and/or services that, as determined by the head of the agency, are to be used to support a contingency operations or to facilitate defense against or recovery from nuclear, biological, chemical, or radiological attack (41 U.S.C. 428(a)), where the term means (1) \$250,000 for any contract to be awarded and performed, or purchase to be made, inside the U.S., and (2) \$1 million for any contract to be awarded and performed, or purchase to be made, outside the U.S.

Small Business Contract/Business Development Support & Tools

- Small Business Set-Aside
- 8(a) Set-Aside
- HUBZone Set-Aside
- Service-Disabled Veteran-Owned Small Disadvantaged Business Set-Aside
- Veteran Small Business Support
- Woman-Owned Small Business Support
- Subcontracting Programs and Plans

Small Business Terminology

- **8(a) Firm** - A firm must be 51 percent owned and controlled by a socially and economically disadvantaged individual or individuals in order to be eligible for the 8(a) program. The SBA must certify small businesses that want to claim 8(a) status.
- **Small Business** - A business that is independently owned and operated and which is not dominant in its field of operation and in conformity with specific industry criteria defined by SBA. Depending on the industry, size standard eligibility is based on the average number of employees for the preceding 12 months or on sales volume averaged over a three-year period.
- **Small Disadvantaged Business** - A small business that is at least 51 percent owned and controlled by a socially and economically disadvantaged individual or individuals. This can include a publicly owned business that has at least 51 percent of its stock unconditionally owned by one or more socially and economically disadvantaged individuals; and one or more such individuals control the management and business operations. The SBA must certify small businesses that want to claim small disadvantaged business status.
- **Woman-Owned Small Business** – A small business that is at least 51 percent owned by one or more women; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and whose management and daily business operations are controlled by one or more women.
- **Veteran-Owned Small Business** - A small business not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or

more veterans; and the management and daily business operations of which are controlled by one or more veterans.

- **Historically Underutilized Business Zone (HUBZone)** - A small businesses with 35 percent of its staff living in a HUBZone. The company must also maintain a "principal office" in one of these specially designated areas. A principal office can be different from a company's headquarters. The SBA must certify small businesses that want to claim HUBZone status.
- **Service-Disabled Veteran-Owned Small Business (SDVOSB)** - A small business that is at least 51 percent owned by one or more service-disabled veterans. Service-disabled veteran means a veteran with a disability that is service-connected; the disability was incurred in the line of duty while serving in the U.S. active military, naval or air service.
