NRC REGIONAL ADMINISTRATOR TO DISCUSS
DIABLO CANYON AT NEWS CONFERENCE

L. Joe Callan, Regional Administrator of the Nuclear Regulatory Commission's Region IV, will hold a news conference at 11 a.m. Thursday, Oct. 10, at the Pacific Gas and Electric Co. Community Center at 6588 Ontario Road in San Luis Obispo.

Mr. Callan will discuss a Systematic Assessment of Licensee Performance (SALP) report issued on Sept. 13 on the Diablo Canyon Nuclear Power Plant, which is operated by PG&E, and other matters of regulatory concern. The SALP report examines performance at the two-reactor facility at Avila Beach over a two-year period.

The news conference will follow a meeting at which NRC and PG&E officials will discuss the SALP report. That meeting, also at the Community Center, will begin at 9 a.m. It will be open to the public for observation; NRC officials will be available later for questions.
