NRC, UTILITY TO DISCUSS MILLSTONE RECOVERY EFFORTS ON NOVEMBER 13

The Nuclear Regulatory Commission's Special Projects Office staff and Northeast Utilities officials will meet on Thursday, November 13, to discuss plans, schedules and progress toward restart of the Millstone nuclear power plant. The Waterford, Conn., plant, which is home to three reactors, is owned and operated by Northeast Utilities.

The meeting will begin at 1 p.m. in the Lelan F. Sillan Nuclear Training Center. It will be open to the public for observation.

Topics will include a status report on restart activities; the Independent Corrective Action Verification Programs, or ICAVPs, under way at Units 2 and 3; and the plant's employee concerns program.
