NRC SEEKS TOPICS FOR 13th ANNUAL REGULATORY INFORMATION CONFERENCE MARCH 12-14

The Nuclear Regulatory Commission is seeking suggestions for topics to discuss at the next Regulatory Information Conference (RIC) to be held March 12-14 at the Capital Hilton Hotel in Washington, D.C.

Suggestions for conference topics can be submitted electronically through November 15 at the RIC web site: <http://www.nrc.gov/NRC/REACTOR/RIC/RICREG/index.html>

The RIC web site contains a list of topics respondents can consider to assist the NRC's Office of Nuclear Reactor Regulation in planning the conference agenda, as well as space for comments and other suggestions. The final program agenda will be posted to the web site after January 7, and will feature on-line registration for the conference.
