### **NRC TO MEET WITH FP&L NUCLEAR OFFICIALS TO DISCUSS SAFETY PERFORMANCE AT ST. LUCIE NUCLEAR POWER PLANT**

The U.S. Nuclear Regulatory Commission staff will meet with Florida Power & Light Company officials on Tuesday, July 10, to discuss the results of NRC's annual assessment of safety performance at the St. Lucie nuclear power plant.

The meeting will be held at 10:00 a.m. in Room 123 of the Nuclear Training Center at the plant site on Hutchinson Island, near Fort Pierce. The public is invited to observe the meeting. NRC officials will be available after the meeting to answer questions. The NRC will hold a second meeting with state and local government officials after the first meeting. That second meeting is also open to the public.

A letter sent from NRC Region II to FP&L, which addresses plant safety performance during the previous year and forms the basis of the meeting discussion, is available from the Region II Office of Public Affairs or on the NRC web site at [www.nrc.gov/OPA/ppr](http://www.nrc.gov/OPA/ppr). Current information for the plant is available at [www.nrc.gov/NRR/OVERSIGHT/ASSESS/STL1/stl1\\_chart.html](http://www.nrc.gov/NRR/OVERSIGHT/ASSESS/STL1/stl1_chart.html) and [www.nrc.gov/NRR/OVERSIGHT/ASSESS/STL2/stl2\\_chart.html](http://www.nrc.gov/NRR/OVERSIGHT/ASSESS/STL2/stl2_chart.html).
