

March 24, 2005

Mr. William A. Passetti, Chief  
Bureau of Radiation Control  
Department of Health  
4052 Bald Cypress Way, Bin #C21  
Tallahassee, FL 32399-1741

Dear Mr. Passetti:

We have reviewed the final version of the Florida license conditions submitted to this office electronically on March 1, 2005. These license conditions and the sections of the Florida Administrative Code (FAC) that are referenced in the license conditions were reviewed against the requirements of 10 CFR 32.5 (a) and (b). We discussed our review of the regulations with Michael Stephens on March 23, 2005.

As a result of our review, we have no comments. The license conditions and the referenced sections of the FAC meet the requirements of 10 CFR 32.5 (a) and (b). Please note that the remaining portion of the general license rule, RATS ID 2001-1 on your State Regulation Status (SRS) Data Sheet, was due for Agreement State adoption on February 16, 2004.

The SRS Data Sheet summarizes our knowledge of the status of other Florida regulations, as indicated. Please let us know if you note any inaccuracies or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the STP website: <http://www.hrsd.ornl.gov/nrc/rulemaking.htm>.

If you have any questions regarding the review itself, the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact me, or John Zabko of my staff at (301)415-2308 or JGZ@NRC.GOV.

Sincerely,

**IRA byl**

Paul Lohaus, Director  
Office of State and Tribal Programs
