

September 23, 2008

Terry L. O'Clair, P.E. Director
Division of Air Quality
Environmental Health Section
Department of Health
Gold Seal Center,
918 E. Divide Ave.
Bismarck, ND 58501-1947

Dear Mr. O'Clair:

We have reviewed the proposed changes to the North Dakota regulations Radiological Health Rules 33-10-01 through 33-10-22, except for Chapters 2, 6, 7, 8, 11, 15, and 16, dated August 1, 2008. These regulations were reviewed by comparison to the equivalent Nuclear Regulatory Commission (NRC) rules in 10 CFR Parts 19, 20, 30, 31, 32, 34, 35, 36, 39, 40, 61, 70, 71, and 150. We discussed our review of the regulations with Don Harman on September 23, 2008.

As a result of our review, we have 12 comments that have been identified in the enclosure. Please note that we have limited our review to regulations required for compatibility and/or health and safety. Under our current procedure, a finding that the North Dakota regulations meet the compatibility and health and safety categories of the equivalent NRC regulation may only be made based on a review of the final North Dakota regulations. However, we have determined that if your proposed regulations were adopted, incorporating our comments and without other significant change, they would meet the compatibility and health and safety categories established in the Office of Federal and State Materials and Environmental Management Programs (FSME) Procedure SA-200.

We request that when the proposed regulations are adopted and published as final regulations, a copy of the "as published" regulations be provided to us for review. As requested in FSME Procedure SA-201, "Review of State Regulatory Requirements," please highlight the final changes, and provide a copy to Division of Materials Safety and State Agreements, FSME.

The SRS Data Sheet summarizes our knowledge of the status of other North Dakota regulations, as indicated. Please let us know if you note any inaccuracies, or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the FSME website: <http://nrc-stp.ornl.gov/rulemaking.html>.

O'Clair
