REMARKS: IMC 2300 (Yucca Mountain Inspection Program: License Application Review Period) is issued to establish policy and guidance for inspections of the Department of Energy's Yucca Mountain Project activities during the license application. IMC 2300 was previously issued and deleted under the document name, "Yucca Mountain Pre-operation Inspection Program."

IP 78010 (10 CFR Part 21 Program) is issued to support inspections described in IMC 2300, "Yucca Mountain Inspection Program: License Application Review Period."

IP 88054 (Fire Protection (Triennial)) is issued because of the need for a new Inspection Procedure for the Fire Protection Program.

DISTRIBUTION: Standard
