NRC CHAIRMAN TO HOLD NEWS BRIEFING JUNE 5
FOLLOWING VISIT TO ZION NUCLEAR POWER STATION

Nuclear Regulatory Commission Chairman Shirley Ann Jackson will visit Zion Nuclear Power Station on June 5 and hold a news media briefing at the close of her plant visit.

The two-reactor Zion nuclear facility is operated by Commonwealth Edison Company at Zion, Illinois.

The briefing for news media representatives will be at 1:30 p.m. in the Zion West Training Center, 505 Shiloh Boulevard in Zion.

The visit to the Zion plant is part of a series of visits to nuclear facilities across the country by Chairman Jackson. She has been Chairman of the Nuclear Regulatory Commission since July 1.

While at the plant, she will tour the facility, meet with the NRC resident inspectors and other NRC personnel, and meet with utility and plant management.
