RESPONSE SHEET

TO: Annette Vietti-Cook, Secretary
FROM: Commissioner Baran
SUBJECT: COMSECY-17-0035: Support for Licensing Support Network Advisory Review Panel Activities

Approved Disapproved Abstain Not Participating

COMMENTS: Below Attached None

When the Commission last addressed this issue in June, I thought it was premature to re-convene the Licensing Support Network Advisory Review Panel (LSNARP). However, if the agency is going to begin the process of gathering input from LSNARP members and the public regarding reconstitution of the Licensing Support Network or a suitable replacement system, we should ensure that the agency reaches out to a broad range of interested stakeholders in an effective way. In order to enhance the agency's planned outreach, I approve the recommendation of the Secretary and the Chief Administrative Judge to expend an additional \$25,000 in previously appropriated Nuclear Waste Fund monies for this purpose.

I approve the use of \$25,000 of additional Nuclear Waste Funds to support the Licensing Support Network Advisory Review Panel training/meeting and hearing venue activities that have emerged and that were not part of the initial planning estimates.
