Dear Mr. Chairman:

Enclosed is the Nuclear Regulatory Commission's (NRC) October (Revised) and November 2017 Congressional Status Reports. The report format has been revised from the original October report to include a "Rate for Operations" column in order to better portray the funding level towards which the NRC is executing. The reports are provided in accordance with Section 402(e) of the Energy and Water Development and Related Agencies Appropriations Act, 2017. Please feel free to contact me or Eugene Dacus, Director of the Office of Congressional Affairs, at (301) 415-1776, if you have any questions or need additional information.
