June 24, 2020

The Honorable Lamar Alexander
Chairman, Subcommittee on Energy
and Water Development
Committee on Appropriations
United States Senate
Washington, DC 20510

Dear Mr. Chairman:

Enclosed is the Nuclear Regulatory Commission's May 2020 Congressional Status Report. The report is provided in accordance with Section 402(e) of the Energy and Water Development and Related Agencies Appropriations Act, 2020. This report also includes funding information from the "Coronavirus Aid, Relief, and Economic Security Act" (CARES Act), P.L. 116-136 which was enacted on March 27, 2020. The CARES Act provides the NRC with a \$3.3 million supplemental appropriation "to prevent, prepare for, and respond to coronavirus, domestically or internally." Senate Appropriations Committee guidance states that the funds are available to support the expansion of remote access, teleworking, and operational and security activities related to coronavirus prevention, preparation, and response. Please feel free to contact me or have your staff contact Eugene Dacus, Director of the Office of Congressional Affairs, at (301) 415-1776, if you have any questions or need additional information.

Sincerely,
