Ms. Becky Wisell, Program Manager
Office of Radiological Health
Nebraska Department of Health and Human Services
301 Centennial Mall South
P.O. Box 95026
Lincoln, Nebraska 68509-5026

Dear Ms. Wisell:

We have reviewed the final revisions to the Nebraska Radiological Health, Title 180 Nebraska Administrative Code (NAC) 7, *Medical Use of Radioactive Material*, received by our office on November 4, 2020. These regulations were reviewed by comparison to the equivalent U.S. Nuclear Regulatory Commission (NRC) rules and the requirements of Regulation Amendment Tracking System Identification Numbers (RATS ID) 2018-1 as identified in the enclosed State Regulation Status (SRS) Data Sheet. We discussed our review of the regulations with Deb Wilson on December 22, 2020.

As a result of our review, we have 15 comments that have been identified in the enclosure. Please note that we have limited our review to regulations required for compatibility and/or health and safety. We have determined that if these regulations are revised, incorporating our comments and without other significant change, they would meet the compatibility and health and safety categories established in the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure SA-200, "Compatibility Categories and Health and Safety Identification for NRC Regulations and Other Program Elements."

We request that when you revise your regulations to address our comments, a copy of the "as published" regulations be provided to us for review. As requested in NMSS Procedure SA-201, "Review of State Regulatory Requirements," please highlight the location of any changes made by Nebraska, in response to our comments, and provide a copy to Division of Materials Safety, Security, State, and Tribal Programs, NMSS. The SRS Data Sheet summarizes our knowledge of the status of other Nebraska regulations, as indicated. Please let us know if you note any inaccuracies or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the NMSS State Communication Portal: <https://scp.nrc.gov/rulemaking.html>.

If you have any questions regarding the comments, the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact Michelle Beardsley, State Regulation Review Coordinator, at (301) 415-0275 (Michelle.Beardsley@nrc.gov) or Kathy Modes at (215) 872-5804 (Kathy.Modes@nrc.gov).

Sincerely,
