I understand on the line; in addition to, my colleagues who will of course have a speaking role today. We also have the General Counsel of the NRC, Marian Zabler. With that, I understand that we have two items for affirmation this morning. Madam Secretary, would you please lead the Commission through this affirmation session?

The Commission is being asked to act on a Memorandum and Order responding to an emergency petition filed by a number of organizations (collectively, Petitioners) requesting that the Commission immediately revoke or suspend the docketing notice and hearing notice in the proceeding on the combined license application submitted by Oklo Power, Limited Liability Company.

The Commission has voted to approve a Memorandum and Order denying the Petitioners' request that the Commission exercise its supervisory authority over this proceeding to immediately revoke or suspend the docketing notice and hearing notice or to make the requested clarifications regarding NEIMA. Within 15 days of the publication of the Memorandum and Order, the NRC staff is directed to make available an appropriately redacted version of the Application and to file a notice on the Hearing Docket when that version is available.
