Change Catalog for OLPF

Overall Comments for Operator Licensing Program Feedback for NUREG-1021 Revision 12 Release:

- Updated all references to NUREG-1021, Revision 12 sections.
- Fixed broken hyperlinks to references on the public website.
- Updated all pronouns to "they/them/theirs" to be gender neutral and inclusive.
- Reformatted and revised some OLPF questions to be clearer.
- Minor grammatical and formatting changes.
- Deleted some questions that were no longer relevant and do not provide historical value or were redundant (i.e., information is contained in another OLPF question or in NUREG-1021, Rev. 12).
- Archived questions that were no longer relevant but provided historical value, such as the basis for incorporating a change in NUREG-1021 or for not accepting a recommendation.
- Moved the previous record of changes to the bottom of this document. Record of changes following the date of this Change Catalog will be updated in the OLPF main document.

Detailed Question Changes:

ES-201

Question	Change (none, archive, deleted, revised)	Reason for Change
