<sup>1</sup> The FY 2021 Explanatory Statement identified this control point as the "Integrated University Program" and, consistent with previous fiscal years, included \$5.5M for Nuclear Science & Engineering Grant Program. Division Z of the Consolidated Appropriations Act, 2021 replaced the Integrated University Program with the University Nuclear Leadership Program. Consequently, for FY 2021, this control point consists of both Nuclear Science & Engineering Grant Program and the University Nuclear Leadership Program.

<sup>2</sup> Office of the Commission is part of the Corporate Support control point.

<sup>3</sup> University Research and Development was part of the Integrated University Program control point in previous fiscal years.

<sup>4</sup> The agency is operating under the Further Additional Extending Government Funding Act, 2022, therefore, the rate for operations is based on the FY 2021 total annualized rate (i.e., the FY 2021 enacted levels).

<sup>5</sup> This is not part of the \$35,000K of carryover that was authorized for use by the FY 2021 Explanatory Statement.

<sup>6</sup> Beginning prior year unobligated funds is an estimated balance. The balance will be updated in a future report once reconciled with year-end activities.
