**Freedom of Information Act (FOIA) and Privacy Act (PA) Requests, and Appeals Received  
During the Period of October 31 – November 04, as submitted by requester**

Tracking Number	Requester's Name	Requester's Organization	Request Description	Received Date
FOIA-2023-000018	Joseph Pasteris		Documents pertaining to the installation, use, and decommissioning of the Pilgrim Nuclear Generating Station in Plymouth, Massachusetts' siren system between the spring of 1982 and the fall of 2019. The system appears to have been a Federal Signal system, including models SiraTone 408, SiraTone 612, and Modulators. (Date Range for Record Search: From 1/1/1982 To 12/31/2019)	11/01/2022
CON-2023-000002	Thomas Devine	Government Accountability Project	All documents and communications regarding the following topics: (1) Civil nuclear cooperation with Middle Eastern Countries, most notably Saudi Arabia; (2) the "Middle East Marshall Plan"; (3) Negotiation of a US-Saudi "123" Civil Nuclear Cooperation Agreement; (4) documents, briefings, correspondence and/or telephone conversations regarding the "International Peace Power and Prosperity (IP3 Corporation) and its proposal for nuclear and cyber cooperation with various Middle Eastern countries, to include Saudi Arabia; and (5) documents and deliberations regarding Westinghouse, to include its March 2017 bankruptcy and the US Government's subsequent policy response. (Date Range for Record Search: From 1/1/2017 To 8/22/2018)	11/02/2022

**Office of Nuclear Reactor Regulation (NRR)**  
**Items of Interest**  
**Week Ending November 4, 2022**

**Pacific Gas and Electric Submits Request to the NRC Regarding the Diablo Canyon License Renewal Application**

On October 31, 2022, Pacific Gas and Electric submitted a letter (Agencywide Documents Access and Management System Accession No. [ML22304A691](#)) requesting that the U.S. Nuclear Regulatory Commission (NRC) either resume its review of their previous license renewal application for Diablo Canyon Units 1 and 2 or grant a timely renewal exemption. The current licenses expire November 2, 2024, and August 26, 2025. The NRC is reviewing the request and will determine a path forward.

**NRC Issues Regulatory Issue Summary on Operational Leakage**

On November 3, 2022, the NRC issued the Regulatory Issue Summary (RIS) entitled, "Operational Leakage," ([ML22167A002](#)) to clarify the NRC staff's position on the NRC requirements for evaluation, control, and treatment of operational leakage in systems required to be operable by plant technical specifications. This RIS emphasizes that operational leakage must be addressed in the same manner as leakage detected during an American Society of Mechanical Engineers Boiler and Pressure Vessel Code, Section XI, pressure test.

**Items of Interest**  
**Week Ending November 04, 2022**

**NRC Staff Holds Public Observational Meeting with the Homestake Mining Co. of California Regarding the Confirmatory Order for the Grants Reclamation Project**

On November 2, 2022, the NRC staff held a public observational meeting with the Homestake Mining Co. of CA (HMC) regarding the Grants Reclamation Project which is a uranium mill tailings decommissioning site located in Grants, NM. The meeting was requested by HMC to discuss the status of Confirmatory Order EA-16-114 (CO). HMC indicated they believe the conditions in the CO are completed and requested the CO be closed. NRC staff clarified that several of the conditions remain open. Staff also clarified that HMC has made progress on the CO conditions as reflected in publicly available documents such as several inspection reports. NRC staff expects to have further communication with HMC regarding the CO.

**NRC Staff Holds Public Virtual Meeting with Holtec International Regarding Staff's Review of the HI-STORE Consolidated Interim Storage Facility**

On November 3, 2022, staff held a virtual public meeting with Holtec International to provide an update on the status and schedule for the staff's review of Holtec's application for the HI-STORE Consolidated Interim Storage Facility (Meeting Slides - [ML2230A282](#)). During the meeting, the staff notified Holtec that the schedule for its final licensing decision was moved to February 2023, pending receipt of Holtec's final revisions to the safety analysis report and application documents. The staff addressed several questions and comments from members of the public regarding the safety and environmental review processes. Staff to several members of the U.S. Senate and House of Representatives from New Mexico, Arizona, California, New York, and Texas attended the meeting.
