PL 15-336 Requirements

1	Is accessible to individuals with disabilities in accordance with section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d);
2	Has a consistent appearance;
3	Does not overlap with or duplicate any legacy websites and, if applicable, ensure that legacy websites are regularly reviewed, eliminated, and consolidated;
4	Contains a search function that allows users to easily search content intended for public use;
5	Is provided through an industry standard secure connection;
6	Is designed around user needs with data-driven analysis influencing management and development decisions, using qualitative and quantitative data to determine user goals, needs, and behaviors, and continually test the website, web-based form, web-based application, or digital service to ensure that user needs are addressed;
7	Provides users of the new or redesigned website, web-based form, web-based application, or digital service with the option for a more customized digital experience that allows to complete digital transactions in an efficient and accurate manner; and
8	Is fully functional and usable on common mobile devices.
