Highlight #1: ADAMS PUBLIC Will Soon Be Gone

- ADAMS PUBLIC (ADAMS PUBLIC/Legacy Interface Combined) will go away in April 2011
- WBA will be the only publicly-available interface for ADAMS

The screenshot shows the U.S. Nuclear Regulatory Commission (U.S. NRC) ADAMS Public Library search interface. At the top, there are navigation links for Home, Log Out, Log Out All, and Help. Below this is a search bar with a 'Search' button and a 'Browse' button. The main section is titled 'Search Template for Public Library'. It features a dropdown menu for 'Predefined Searches' set to '**Simple Search**', and buttons for 'Find Now', 'Find Count', 'Reset', and 'Url'. The interface is divided into two main sections: 'Property-based Criteria' and 'Content-based Criteria'. The 'Property-based Criteria' section includes a vertical 'AND' operator and a list of search criteria with input fields and operators. The 'Content-based Criteria' section includes a table for 'Order', 'Words or Phrases', and 'Range', and a 'Maximum Results' field set to 300. At the bottom, there is a 'SEARCH RESULTS' section with icons for document, folder, and search.

Highlight #4:

Three Ways to Search: Advanced Search

- WBA's Advanced Search offers a Query Builder
- Create Boolean or other complex searches, or perform simple edits to your search built by the Query Builder

The screenshot displays the 'Web-based ADAMS' interface for the United States Nuclear Regulatory Commission (U.S.NRC). The page features a navigation bar with 'Folder View', 'Simple Search', and 'Advanced Search' tabs. The 'Advanced Search' section includes a search query input field, a 'Search' button, and a 'Clear' button. Below the search field, there are options to 'Show 100 results per page', 'Save query', and 'Load query'. The 'Query builder' section is expanded, showing options for 'Document Content' (with all of the words, with at least one of the words, with the exact phrase, without the words) and 'Document Properties' (Select a field..., Select an op...). The 'Libraries' section is checked for 'Public Library' and 'Public Legacy Library'. There are 'Clear builder' and 'Add to query' buttons at the bottom of the query builder. The right side of the interface shows a table with columns for 'Document Title', 'A...', 'D...', 'S...', and 't'. The bottom of the page shows 'Page 1 of 1'.

Highlight #6: W?LDCARDS

- Use a “?” as a wildcard after or within search terms to search for single wildcard characters

The screenshot displays the Web-based ADAMS search interface. At the top, it features the U.S. NRC logo and the text "United States Nuclear Regulatory Commission Protecting People and the Environment". The interface includes tabs for "Folder View", "Simple Search", and "Advanced Search". The "Query" field contains the search term "\$title:cr??k", which is circled in red. Below the query field are buttons for "Search" and "Clear", and options to "Save query" and "Load query". The "Document Properties" section is also circled in red, showing a search filter for "Document Title" containing "cr??k". The "Libraries" section includes checkboxes for "Public Library" and "Public Legacy Library". On the right side, a list of search results is displayed, with two titles circled in red: "E-Mail from Ogle to Masters, Crystal River Containment Crack" and "Senior Reactor and Reactor Operator Initial Examinations - Oyster Creek Nuclear Generating Station". The bottom of the interface shows "Page 1 of 10" and a "Displaying" button.

Highlight #6: W*LDCARDS

- Use an “*” as a wildcard after or within search terms to search for multiple wildcard characters

The screenshot displays the Web-based ADAMS search interface. The search query entered is "\$title:headquarter* !\$title:headquarters". The search results list several documents, including "Extension Request for Corrective Action Request (CAR) HQ-96-C-001 Resulting from USDOE Headquarter's Quality Assurance Surveillance HQ-SRC-96-002" and "Evaluation of Response & Closure of Deficiency Report (DR) YM-96-D-097 Resulting from USDOE Headquarter's Quality Assurance Audit HQ-ARC-96-003". The search results are displayed in a table with columns for Document Title and Document ID. The search interface includes a search bar, a search button, and a clear button. The search results are displayed in a list view with document titles and document IDs. The search results are displayed in a list view with document titles and document IDs.
